

Instructions for authors

Manuscript submission

Online submission: Please follow the hyperlink to submit your manuscript <https://mo.manuscriptmanager.net/> .

To facilitate online submission, please prepare:

- The title of the article
- The name(s), affiliation(s), and e-mail address(es) of the author(s)
- 5 à 7 keywords
- JEL Codes: (<http://www.aeaweb.org/jel/guide/jel.php>)
- An abstract (*150 words maximum*). It should include the presentation of 1- the research question and its pertinence regarding the existing literature on the subject 2- the methodology used 3- the main results and major conclusions.
- A title page. It should include the name(s) of the author(s), the affiliation(s) of the author(s), the e-mail address(es) of the author(s), the title of the article, the abstract, the keywords and the JEL codes (this title page is for production purpose; reviewers do not have access to this file).
- An anonymous file including the article in Word format (do not include your identity in the title of the file.doc).

The manuscript is sent to two anonymous reviewers. The editorial team then accepts, rejects or asks authors to revise and resubmit their paper. Two versions of the revised manuscript are required: one with your changes highlighted along with a "clean" version. A detailed answer to reviewers' comments is also required.
